leadership representing every program and department and members of the organization's board of directors. During this time, Mission Matters helped our team focus on developing a realistic vision, setting priorities, mitigating barriers, determining accountabilities and resource needs, and defining real-world outcomes. We worked together to design a

relevant strategic focus that is realistic, practical, and visionary.

THE STRATEGIC PLANNING PROCESS

Family Service Lincoln worked with Mission Matters to facilitate our strategic planning process in 2021. Prior to meeting with our team, Mission Matters conducted stakeholder surveys to gain insight from clients, partners, funders, and staff. Planning sessions were attended by

This process consisted of three main components: creating a context map, identifying a practical vision, and setting a strategic direction. **PRACTICAL VISION** The process of creating a context map was undertaken collaboratively by the planning team and consisted of an Building on the findings of our context map, environmental scan in relation to the planning team next determined a practical Family Service Lincoln and the vision, asking the question, "What do we want services we provide. STRATEGIC DIRECTION

In our final session, the planning team asked and worked through the question, "What

innovative and substantial actions will move us toward our practical vision?" We collaboratively

identified four main directions to prioritize in all planning and decision-making over the next four years: growing with the community, building a strong bench, creating a path for progress, and sharing our story.

and performance and quality improvement system. **ANNUAL PLANNING** Annual Planning at Family Service Lincoln consists of short-term planning (1 month-1 year) conducted at the program or department level to identify specific goals and courses of action at the start of each calendar year.

Strong leadership and talented staff are central to Family Service (key theme from confidential interviews with FSL stakeholder)

Family Service Lincoln's aim in this strategic planning process was inform and direct our team's decisions over the next four years. These strategic directions will be put into action in numerous ways, but most significantly in the form of our annual planning

> **QUALITY IMPROVEMENT** Performance and Quality Improvement (PQI) is an organization-wide system that continuously uses data to promote efficient, effective service delivery, and achievement of our mission and strategic goals. This system provides us with Key Program Indicators (KPIs), allowing us to make

informed decisions about the need to develop plans to foster program
